Journal of Mathematical Sciences

JMS is a composite journal constituted by independent source journals

SPRINGER NATURE

Makhmud S. Salakhitdinov (1933-2018) had a strong influence on the development of science and education in Uzbekistan, being Director of the Institute of Mathematics (1967-1985), Minister of Higher and Special Secondary Education (1985-1988), and President of the Academy of Sciences (1988-1994) of the Republic of Uzbekistan. At the same time, his personal contribution to mathematical sciences is also very significant and influential. The special issue 274 (2) of JMS presents current results on local and nonlocal boundary value problems for mixed type equations, integral equations of fractional order, and other topics close to the research of M.S.Salakhitdinov.

To Memory of M.S. Salakhitdinov, *J. Math. Sci.* **274**, No. 2,157-158 (2023).
